

## Susan Samueli Integrative Health Institute (SSIHI) Pilot Project’s Implementation Plan

*NIH describes a research collaboration as 2 or more individuals combining knowledge, expertise, and resources to work together in achieving a common and mutually beneficial translational research goal.*

*A **NEW** collaboration means you have never previously jointly worked on a publication, grant or presentation.*

1. Is this research a collaboration? \_\_\_\_\_
  - a. Is this collaboration new? \_\_\_\_\_
  - b. Will this research be in collaboration (existing or new) with any SSIHI faculty or utilize SSIHI’s clinical population? \_\_\_\_\_
  
2. If you will be conducting human subjects’ research, what is the status of your IRB application?
  - a. Pending \_\_\_\_\_
  - b. Approved \_\_\_\_\_  
 IRB number, if approved \_\_\_\_\_  
 IRB date, if approved \_\_\_\_\_
  - c. N/A \_\_\_\_\_
  
3. If you will be conducting animal subjects’ research, what is the status of your IACUC application?
  - a. Pending \_\_\_\_\_
  - b. Approved \_\_\_\_\_  
 IACUC number, if approved \_\_\_\_\_  
 IACUC date, if approved \_\_\_\_\_
  - c. N/A \_\_\_\_\_

**Milestones** (*Milestones are intermediate objectives that are necessary steps toward project completion*). Please specify the time period expected for the completion of each milestone:

**Milestones** are not the same thing as **Specific Aims**. An example of a **Specific Aim** is the following: *This study aims to test the efficacy a school-based evaluation to promote physical activity among sedentary adolescents.*

Example of associated **Milestones** might be the following:

<b>SAMPLE MILESTONES</b>		<b>Month of Completion (relative to start of funding and/or actual date)</b>
Milestone 1	Obtain IRB approval for study	Month 1 (July, 2022)
Milestone 2	Obtain School District approval for study	Month 2 (August, 2022)
Milestone 3	Recruit 40 sedentary adolescents	Month 4 (Sept., 2022)
Milestone 4	Complete baseline assessments	Months 4-6 (Sept-Nov, 2022)
Milestone 5	Implement the intervention	Months 8-10 (Jan-Mar 2023)
Milestone 6	Complete follow-up assessments	Months 11-12 (March/April, 2023)
